PURPOSE

The Olympic Development Program was formed to identify a pool of players in each age group from which a National Team will be selected for international competition; to provide high-level training to benefit and enhance the development of players at all levels; and, through the use of carefully selected, licensed coaches, develop a mechanism for the exchange of ideas and curriculum to improve all levels of coaching.

PHILOSOPHY

The purpose of the Olympic Development Program is to identify players of the highest caliber for U.S. National Teams. It is therefore believed continued consistent identification of this caliber player will lead to increased success in the international arena.

HISTORY

In 1977 it became evident to then United States Youth Soccer Association (US Youth Soccer) Chairman, Don Greer, that with the vast geographic area of the United States and the meteoric rise in membership, some method had to be devised to identify the especially gifted soccer players who were potential National Team members. Thus, the original USYSA Select Team Program was formed with Peter Jebens as the first National Chairman.

Following the format of other USYSA committees, one member was appointed from each of the four Regions. This committee then met and formulated the basic policies for the Program. The primary purpose then, as now, was to identify and then train a pool of players to represent the United States in international competitions for youth national teams.

In 1979 Ozzie Gencoz of Seattle, Washington replaced Peter Jebens as National Chairman, and from his professional background as an aeronautical engineer came flow charts, multi-year plans and an expanding organization for the Select Team Program. State Associations were encouraged to develop programs which supported and worked in tandem with National and Regional programs. 1982 saw the beginning of a formalized program for girls with the addition of a full committee (one member from each Region), also under Ozzie Gencoz's direction.

From 1982 until the present, international events for youth national teams have increased substantially and the US Youth Soccer Select Team Program has kept pace by instituting trials and player pools for five age groups in the boys' program, and three age groups in the girls' program. Also keeping pace with current needs was the renaming of the program, first to "Junior Olympic Development Program" and then to "Olympic Development Program" as it is known today.

CURRENT ORGANIZATION

There are two National Chairmen, one for the girls' program and one for the boys' program, each with a committee comprised of one administrator and one coach from each Region. Within each Region, each State Association has an Olympic Development Administrator and State Select Team Coach. States can conduct up to five programs for boys (13, 14, 15, 16 and 17 years of age) and five programs for girls (13, 14, 15, 16 and 17 years of age). The selection process requires a player to comply with his or her State Association's requirements for tryouts and, if successful, will be named as a member of the State Team. Regions conduct camps and/ or competitions for the State Teams from which a Regional Team is selected. The National Team Program utilizes a National Camp and/or Competition for the four Regional Teams where the United States Soccer Federation (USSF) National Coaches select a player pool for their respective USSF Youth National Teams.

REGIONAL CAMP STAFF

Administrative Staff:

The regional administrative staff members are an experienced group with years of collective experience. Each has been on the regional camp staff for several years. Most have held key positions in their own states and have been trip administrators for regional team travel. They will be joined by equally capable administrators from the various states in Region IV in providing a safe, productive, and fun environment.

The administrators have the players' and coaches' welfare as their foremost objective and are on call at Camp 24 hours a day. Any questions your own state administrators and team managers cannot answer can be directed to the camp staff.

Regional Coaching Staff :

All of our Region IV ODP Coaches are certified and licensed coaches. The minimum coaching license that our coaches must hold is a US Soccer "B" license, while most of the staff have an "A" license or the NSCAA equivalent. The majority of our staff has also participated in their state ODP programs at some time. Every coach is given approval through their state Director of Coaching or Technical Director before they are allowed to become a part of our staff.

Our coaches have an incredible knowledge of the game, with many of them coming from the top universities, colleges and clubs within the Region. Every single coach strives to make the Regional Camp experience a memorable one for the state team players.

Basic Camp Schedule

Arrival Day: Arrival; Settle in; Dinner, Orientation Meeting; Team, Coaches' & Managers' Meetings

Days 2-5: Training, Classroom sessions; Invitational Games

Final Day: Check-out, P/U bag Lunch; Departure

Daily Meal Times: (*Breakfast, unch, Dinner*) Are set by the college.

Each Cycle will have a different schedule and will be distributed at the Orientation Meeting on arrival day

**RIV reserves the right to make any necessary changes or alterations to the schedule at any time. Any changes made will be posted on the daily announcement board.*

REGION IV GIRLS ODP AGE-GROUP TRAINING PRIORITIES AND CAMP FORMATS

The following training priorities are basically the same as they have been the past few years. They have been updated with information gathered from the Age-group coaching staff at regional and national events throughout the year. It is recommended that all state coaches use these guidelines in preparing their teams for competition and during any player development sessions within their states. Additionally we have provided below the camp format for each age group. If you have additional questions regarding the camp format, please contact your state association.

VITAL CONSIDERATIONS FOR ALL AGE GROUPS:

1. All practices must be made competitive so that players develop in an environment that challenges them to perform techniques and make decisions under pressure. Coaches must expect and demand this in their practices, it does not "just happen."
2. The overall fitness level of our players is good and we need to strive to keep it at a high level. Players must be introduced early to the importance of fitness to performance and injury prevention. They must adopt good training habits early in their playing careers. Especially important to the female athlete are their eating habits in relation to their training habits. We encourage coaches to have a specialist talk to their teams about amenorrhea, osteoporosis, and other conditions concerning female athletes.

3. Our players must be educated on how to rest and why they need rest during demanding events such as the State Team Tournaments. They also need to learn how to entertain themselves when they are separated from television and other luxuries they are used to at home.

FORMATS

State Team: A state team must have a minimum of 15 players, and no more than 18 on the roster. All teams must be age pure (by birth year), and attend camp with their age group. United Players are a small group of players from a state which is sending fewer than 15 players.

- A state team must have a minimum of 15 players, and no more than 18 on the roster. All teams must be age pure (by birth year), and attend camp with their age group. United Players are a small group of players from a state which is sending fewer than 15 players.
- Uniforms: All state associations will provide their teams with the appropriate jerseys and training tops for camp.
- Housing: State teams will be roomed together and the state association will provide the Head Coach and Team Manager.

United Players: The benefits of being a United Player are many, and players have the same positive experiences participating in this camp as part of a United Team as those on a state team. The united teams have all the same curriculum, benefits and opportunities as any other team or player at camp.

- United players from all states will be divided among the number of United Teams at camp that week. This varies from cycle to cycle depends on the number of full state teams that come in to camp.
- United teams will be housed together with a team administrator provided by the Region or a state association. The team administrator will receive information about the player's prior to camp if possible.
- Check-In: There will be an area at check-in for the United Players; please look for the sign. We want you to be able to meet with your teammates immediately and get to know your team administrator and coach.
- Uniforms: Bring black shorts and white soccer socks. Two T-shirts will be issued to you to wear for practices and match jerseys will be provided by the region.

Scramble Format: Players may or may not travel in as a group from the state association. If they do not travel in as a group then we ask that you refer to the U17's manual regarding travel. Scramble format means that the players will not be evaluated in a State Team Format during most of the camp schedule. But will be assigned to groups with players from other states for specific activities. (functional training, games, classroom sessions etc...) If enough players (11 or more) from anyone state attend than the head coach may include some state team competition in the schedule if he wishes.

- Housing: Players that travel in as a state (with staff) will be roomed as a group. Players that fly in as individuals, or with No state team staff, will be grouped together as united teams are and a team administrator will be provided.
- Check-In: There will be an area at check-in for the players not traveling in as a team. We want you to be able to meet with your roommates and get to know your team administrator as soon as you arrive.
- All players in the scramble format will be assigned a number that they will keep the entire week for consistent identification during the evaluation period.

Invitational Camp: Currently, only the U17's are ran in an "Invitational "environment. This means the player pool from the previous season is automatically invited in and any other additional players that have been identified and recommended by State DOC's, State Technical Directors and Regional Staff. This camp format is run completely by the Regional staff and has a specific camp manual that covers all policies and procedures for this group.

AGE GROUP SPECIFIC TRAINING PRIORITIES:

13's Developmental Program:

For the first time ever our U-13 Age Group will mirror our four other age groups. Early identification is becoming a priority for our National Teams and we will work to help identify the talented young players within our Region. Special emphasis will be placed on technical ability. All States will compete as teams and at the end of the week a pool of 36 players will be named to the player pool. It is mandatory to attend this camp in order to be named to the U-13 Regional Pool. All players named to the regional pool will be required to attend Regional Pool Camp.

14 & 15's: Build on individual and small group skills and tactics

High priority: Individual possession, quality of first touch, combination play (takeovers, wall pass, overlap, support), heading/attacking air balls, individual and small group defending (delay, tracking, depth, cover, tackling), transition.

Lower priority: functional play, team play.

GK: Basic ball handling. Footwork. Field skills. Mental preparation.

All States will compete as teams and at the end of the week a pool of approx. 36 players will be named to the player pool. It is mandatory to attend this camp in order to be named to the U14 and U15 Regional Pools. All players named to the regional pool will be required to attend Regional Pool Camp.

U-16:

Focus on small group tactics and skills

High priority: Team possession; quality of first touch, 2 and 3 person combination play; individual and small group defending (depth, balance, compactness, communication), transition.

Lower priority: Functional play, team play.

GK: Handling, diving technique, decision-making with regard to diving, recovery, distribution. Field skills.

U-17 Invitational Camp

Focus on functional play and team tactics.

High priority: Roles of players within the team, offense v. defense (match-related), crossing and finishing (quality and timing), heading/attacking air balls, team defending and transition.

Lower priority: Individual skills should be addressed in warm-up.

GK: Ball handling, breakaways, crosses, distribution, playing with feet, role as last defender.

16 and U17's

In an effort to support our oldest Age Group at camp we are moving in a direction that will allow our Regional Coaches to work closely with all of the players. We have designed a program where all players will be scrambled within the Region and then coached by the Regional Staff. Players will train and compete as part of a scrambled team.

CAMP FORMATS

STATE TEAMS

99, 98, 97* Age groups

- A state team must have a minimum of 15 players, and no more than 18 on the roster. All teams must be age pure (by birth year), and attend camp with their age group. United Players are a small group of players from a state which is sending fewer than 15 players.
- Uniforms: All state associations will provide their teams with the appropriate jerseys and training tops for camp.
- Housing: State teams will be roomed together and the state association will provide the Head Coach and Team Manager.

*97's will be in a scramble format and team format.

UNITED/INVITATIONAL PLAYERS

The benefits of being a United Player are many, and players have the same positive experiences participating in this camp as part of a United Team as those on a state team. The united teams have all the same curriculum, benefits and opportunities as any other team or player at camp.

- United players from all states will be divided among the number of United Teams at camp that week. This varies from cycle to cycle depends on the number of full state teams that come in to camp.
- United teams will be housed together with a team administrator provided by the Region or a state association. The team administrator will receive information about the player's prior to camp if possible.
- Check-In: There will be an area at check-in for the United Players; please look for the sign. We want you to be able to meet with your teammates immediately and get to know your team administrator and coach.
- **Uniforms:** Bring black shorts and white soccer socks. Two T-shirts will be issued to you to wear for practices and match jerseys will be provided by the region.
- Please consult your state association regarding travel and ground transportation for camp.

Regional Pools

There will be a regional pool named after the end of each camp cycle, **but will not be announced at the last day of camp**. Regional pools will be announced on the Region IV website, the list emailed to state administrators and players will be contacted by regional staff. Players named to the pool will be expected to attend Regional Holdover Camp, July 23-27, 2012, in southern California (exact location TBA), players unable to attend need to contact Joyce Bordley, Region IV GODP administrator.. All players making the regional pool will be emailed a packet that will detail regional pool activities for the year. Regional pools will be named for the following birth years, players born in: 1995 (U17), 1996 (U16), 1997 (U15), 1998 (U14), and 1999 (U13).

ODP CAMP EXPECTATIONS

You are expected to follow all camp rules listed here and those posted at the University. **Failure to follow rules may result in your removal from Camp (and/or the Olympic Development Program) at your parents' expense.**

1. Remain at the regional camp at all times; permission to leave the University must be obtained from your coach/manager only. Once you have arrived at the University campus, you will not be allowed to drive at any time. You may not leave campus with parents or with friends. These rules also apply to pool holdover time.
2. Follow the Code of Conduct in all matters, including use and/or possession of tobacco, alcohol, or drugs.
3. Be responsible for your own behavior (the expectation: that you will be perfect) and for knowing the schedule.
4. Do not change rooms without formal permission from both the team manager and Camp Director; rooms were pre-assigned and directories prepared. After 10:30 p.m. you may not roam, talk on the phone, or sleep in another room. This will include calls on your cell phone. Please note that the Camp administration will retain the right to confiscate cell phones if the player abuses their use privilege.
5. Be with at least one other player at all times.
6. Treat others with respect. Do not damage or remove the University's or a fellow player's property. Do NOT enter another player's room during her absence. Respect the privacy and sleep time of others.
7. Be on time. Arrive before the scheduled start time for all activities.
8. Observe curfew: In your rooms by 10:00 p.m. "Lights out and everyone quiet" at 10:30.

9. Keep your room and belongings in a neat manner; clean up after yourself in the bathrooms.
10. Do not abuse the elevators by overloading them or holding open the doors. If the elevators are broken they may not be fixed.
11. Report all injuries to camp trainers and all illnesses to state team staff (regional staff during pool week).
12. At checkout your room must be neat, with all trash removed and all bedding accounted for.
13. Do not wear cleats, bounce balls, or play ball games in any of the buildings.
14. Do not remove or change any of the camp signs.
15. Dress appropriately at all times; **pajamas, boxers, tank tops etc. are not allowed except on your dorm floor.**

UNIVERSITY REGULATIONS & SAFETY INFORMATION

Regulations

Do not burn any substance in the residence halls. This includes but is not limited to candles, incense, and cigarettes.

Respect one another as well as the property. Behavior causing another person or staff member to feel that he or she is in jeopardy by acts (verbal or other) is not tolerated.

The use of alcohol on the premises will mean immediate dismissal.

Individuals who damage buildings or facilities will be asked to replace, clean up, and/or pay for the damages. Vandalism is an unacceptable behavior.

Do not throw, drop, or propel any objects (including fluids) or climb between windows. This is not only a University regulation but also a City ordinance.

Individuals who misuse the elevators by jumping, overloading, and joy riding will have to pay for the damages and will lose elevator privileges.

Storing, using, and conveying fireworks of any kind in the residence halls or the surrounding areas is prohibited.

Safety Tips

FIRE: In case of a fire alarm or smoke, evacuate your area using only the stairs. Do not use the elevators. Move away from the building to a safe distance. Do not re-enter the building until instructed by official personnel.

ELEVATORS: If you are caught in an elevator, do not attempt to pry open the doors. Remain calm and push the emergency button. Emergency personnel will immediately respond. Do not push the emergency button unless it is an emergency. The button will also notify the Moscow Police.

For your protection, residence hall personnel provide 24-hour staffing from the Central Office, including night security who visit the hall on a routine basis.

PARENT INFORMATION

- The camp staff is highly experienced, and our main concern is the welfare of the players. Camp staff will be on campus and on call 24 hours a day. Camp office phone numbers will be posted on the region iv website before camp begins.
- The Residence Hall Central Office is staffed 24 hours per day. The Wallace Basement desk is staffed from 8:30 AM-12:00 noon Monday through Friday, (208) 885-7379
- Regional staff administrators and coaches believe that this camp experience is an opportunity for players to exercise responsibility and accountability. Please carefully review this entire booklet with your daughter.
- Parents are welcome to observe training sessions and/or games. Please do not approach any player or coach during a session or game. And please observe from any areas that may be designated for parents.
- Players are not allowed to have visitors in any of the dorm buildings or to leave the facility with you or with a friend.
- For parents who are planning to observe workouts and games, the practice and game schedules will be posted on the front door of the main building daily.
- Players will have time to make short calls home and will call at the end of the camp cycle if they have been selected to stay additional days as part of the regional pool for their age group.
- **Bed linen will not be provided (sheets, pillowcase, and towels); you must bring your own. However, Pillows and blankets will be provided by the University.**
- Camp trainers will NOT provide routine taping; you need to bring the tape and perform the taping or have someone from your state tape you.
- Your child will need to pay a \$15 replacement fee for a lost meal card.
- Please send a signed permission slip authorizing camp staff to administer medication if any is prescribed by the player's doctor.
- If a major injury should occur, staff will first take care of the player and then call the parents.

PLAYER INFORMATION

Important: Players should review this entire booklet with their parents and then bring it with you to camp.

- **PLEASE do not come to camp if you are sick or injured. Your healing is very important, and you will surely drain the time and energy of trainers, coaches, administrators, and players. You cannot be expected to play at your best if you are injured.**
- Please accept rules and expectations in the proper spirit. We are concerned first with your health, safety, and welfare, with a fun and productive time for all. Please respect the fact that you are guests of the University of Idaho.
- **Start drinking lots of water 3 weeks before coming to Camp, and plan to drink lots during.** Please pack and use sunscreen.
- The dorms are all equipped with air conditioning.
- Region IV, the coaching staff, and the camp staff are not responsible for lost or stolen items. Please clearly mark your possessions and do not bring expensive items or large sums of money to camp.
- Consider bringing a book or something to occupy you during times when no activity is planned; ipods/ipads with headphones will be allowed.
- Bring a small 3-ring binder for notes, this camp book, and handouts.
- Mail can be picked up and deposited at the Camp Office Monday through Friday. When mail arrives there will be a message posted "You Got Mail" on the message board in the lobby.
- You cannot bring backpacks, gear bags, or containers into the cafeteria. Food and/or food service supplies may not be carried out of the dining room.
- Camp trainers will NOT provide routine taping; you need to bring the tape and perform the taping or have someone from your state tape you.
- Food may NOT be ordered from off campus and delivered to the dorms without permission from the camp staff.
- There are no phones in the rooms, so cell will be permitted. Phone calls will not be allowed after lights out. Please note that the Camp administration will retain the right to confiscate cell phones at night or if the player abuses their use privilege. Region IV will not be responsible for lost of any cell phones.
- Communicate (at the earliest possible time) any problem to the person who can do something about it. It is extremely important that you communicate with your team administrator or a camp staff member. We want everyone to have a positive camp experience while in Idaho. If for any reason, you feel the need to contact me at anytime, my cell number is available.
